

BIOSHARE is a professional sharing series driven by the needs of the members of the group. The group is FREE to join and a Professional Learning Certificate of Participation for your completed hours will be given upon request. Any Biology Teacher in WNY is invited to join.

The group meets from 3:30-6:30 unless otherwise stated, at various locations and offers several exciting on-site field trips. The schedule is below. If you have any questions, please contact Sylvia Tripp at STripp@nardin.org.

November 18 - UB lecture series (Bulter Hall) on Ebola @ 5:30

December 1 - Zeptomatrix tour (Buffalo) @ 4:30

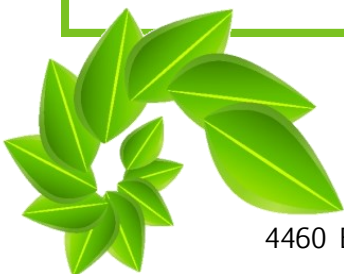

January 20 - Cell communication @ Lancaster High School

February 23 - Artificial Selection lab data @ East Aurora High School

March 16 - Review activities @ West Seneca East

April 20 - Composting Tour in Lancaster (TBA)

May (TBA) - if there was a snow day & need to make up a session
