

Professional Learning Courses

STC will continue with a format of Synchronous/Asynchronous courses this year, as well as some face-to-face options. Delivery method will be indicated. To register for a course using a Google Classroom platform, you will need a personal gmail account. They are free and easy to set up. A school or college email will block access to Classroom. The registration form will indicate if this is needed.

Fine Print

In the Fall fees will be at a reduced rate for 2024-2025 school year at just \$1/credit hour. Payment required prior to course start. Unpaid spots will be released.

Your registration fee will be forfeit for cancellations received **less than 5 days from start date**. No Shows will be charged the \$15 as well.

Space is limited. We will create a wait list if there is enough interest.

Completion of all work as well as attendance to the synchronous sessions is required to receive full credit.

Participants must have video enabled for the duration of synchronous sessions

All courses are CTLE eligible, unless otherwise indicated.

Courses that have been pre-approved for pro-growth by Frontier/Hamburg will be noted. You are responsible for any prior approval forms your district requires.

home. You must attend ALL Sessions to get

full credit. There are no make-ups

available for this course.

Registration: Open now

Maximum 12

Teachers are far more than just deliverers of content. Teaching is a creative profession! Awaken joy in the creative expression of you and your students. Transform your classroom into a fun, colorful room for your students to learn and grow together. Participants will be introduced to Canva, Cricut for Teachers, Pixton, TeacherTube, and many other educational planning websites. During this interactive course you will discover, design, and actually create materials of your choice for immediate use in your classroom! Participants will do research, discover creative and effective techniques to use with their students, and design and create materials to immediately use in their classroom. Since these activities will be applicable to any grade level, the participants will be able to create materials pertaining to their own curriculum and standards, in any curriculum area of their choice.

You will be asked to create accounts (if you don't have one already) and complete tasks at home equal to 7 hours of time. Participants will need to submit 5 items they have created using the programs covered in the course. We will provide a Google Folder for each participant to upload their work to for their portfolio. On Aug 6th & 8th you will be able to bring in your own device and work on creating materials you can create on site. This may or may not be items submitted to your portfolio. The Teacher's Center will be open for us to use the Cricket and Vanessa will be able to

make copies and posters and laminate any materials you create for the course. A STC Credit of \$15 will be given to each participant to help get them started. Cricket materials such as vinyl, cardstock etc...is the responsibility of the participant.

YOU MUST BRING YOUR OWN COMPUTER OR TABLET THAT HAS ACCESS TO CANVA/CRICKET/INTERNET TO WORK ON FOR THE COURSE.

Uncommon Sense Teaching: Practical Insights in Brain science: to help students learn Book Study

Target Audience: Teachers ****NEW**

Category: Instructional Strategies,
Best Practice

Approvals: Hamburg Pro- Growth/
Tenure Elective

Frontier Pro-Growth/Tenure Elective

Fee: \$15 (waived with prior approval from HCSD)

Hours: 15 Hours

Instructor: Dr. Matthew Dolegowski

Dates: Course begins with asynchronous reading and assignments on April 7. Synchronous Zoom meetings will be on April 28 and May 12 from 4:00-6:30PM (must attend)

A book will be provided prior to the start date.

Asynchronous work will be assigned prior to the first online meeting in the form of reading and assignments. Books will be available for loan upon request.

This book study delves into the innovative principals outlined in the book, exploring how insights from brain science can transform educational practices and student outcomes. Participants will engage with key concepts such as cognitive load, memory enhancement techniques and the interplay between emotions and learning. Through interactive discussions, hands-on activities, and projects, educators will learn to apply evidence-based strategies that promote effective teaching and foster a positive learning environment.

Southtown Teachers Center Wellness Follow-Up Workshops (Register for these directly with Southtown Teachers' Center)

FAR WEST TEACHER CENTER NETWORK PRESENTS

Educator Wellness Institute 2025

FREE

5 CTLE HOURS PROVIDED

DETAILS

**Saturday, April 5,
8:30 am–3 pm
Hilbert College**

5200 South Park Avenue Hamburg, NY 14075
Event includes a keynote, breakout sessions, lunch (on your own), and prize giveaways!

KEYNOTE SPEAKER

**Dr. Hilary Denison, of Vital Roots
Chiropractic and Wellness**
*Microdosing Calm: Shift your Perspective
on Wellness*

Dr. Hilary Denison, of Vital Roots Chiropractic and Wellness, challenges the prevalent “all or nothing” mentality surrounding self-care, advocating instead for a more sustainable approach. Dr. Denison emphasizes the implementation of small, manageable shifts and shows how they can lead to significant long-term benefits for overall wellness. Participants will gain insights and strategies for achieving habitual wellness success.

SESSIONS

20 different 50-minute sessions focused on educator wellness will be offered over the course of the day with the opportunity to attend 4.
